

supports - MOSAIC CLUBHOUSE

“For the first time, I can be a productive member of society. Most of all, I’M HAVING SO MUCH FUN – something I haven’t had in a long time, all the staff are wonderful and I’m so glad that I’m a member of Mosaic Clubhouse.”

- Clubhouse Member

Mosaic Clubhouse is a place of work and a day-time base for people with severe and enduring mental ill-health (the ‘members’). Entering the clubhouse, you are greeted by a member and given a tour, meeting other members cooking lunch in the kitchen, selling teas and coffees in the café, writing articles for the in-house magazine, cleaning, sorting mail, or just socialising in the friendly environment.

Through voluntary participation Members are given the opportunity to engage in relationships, work, employment, education and to gain access to services and supports they may individually need.
